

ENVODOSE BATHROOM CLEANER – 27006

An accurately dosed solution for cleaning all washroom surfaces.

- ❖ Removes soap, scum and prevent limescale build up
- ❖ Phosphate-free
- ❖ Pleasant fragrance

DIRECTIONS:

Fill a 750ml bottle with water. Wearing dry gloves, remove 1 capsule from tub.

Drop the unopened capsule into bottle and secure spray top. Shake the bottle vigorously. Attach the enclosed small label to the trigger spray.

The whole sachet will dissolve and the product is now ready to use.

Spray directly onto the surface to be cleaned. Leave for 5 minutes contact time before wiping.

Do not leave unused sachet out of the container.

Always replace the lid.

FIRST AID TREATMENT:

Irritating to eyes. May produce an allergic reaction.

In the event of contact with the eyes, wash immediately with plenty of water holding the eyelids open. Refer to an ophthalmologist, in particular if there is any redness, pain or visual impairment. Show him the label.

If swallowed (no more than a mouthful) rinse the mouth with water and consult a doctor. Call a doctor immediately and show him the label.

Safety: Keep out of the reach of children.
